GCSE CAG Grades - Maths

In order to accurately assess student grades, we will use the following:

- The Y11 mocks which were completed in November 2020 using the OCR June 2019 papers - the full suite of papers were sat in their entirety in exam conditions
- Work completed remotely during lockdown live maths lessons including tasks completed on HegartyMaths
- Work completed in the classroom during Y11 maths lessons which will either be in exercise books or stored in folders
- Two further sets of exam papers – the OCR November 2019 and November 2020 papers which students will complete in the classroom during the summer term of Y11
- Attitude to learning - including attendance to lessons (both in school and remotely), completion of tasks in lessons and independent learning done outside of lessons on HegartyMaths including weekly homework
- Professional judgment of specialist maths teachers
- Consideration for those students who have been ill or had to isolate and students who have struggled with remote learning due to technology issues or particular personal circumstances
